Merhaba Ayten Hanım:

I am just getting this article there for December, as promised.

I arrived home to find my apartment ransacked, all furniture and belongings piled up (and still in a mess) in one room. My elektrik daktilo, winter clothes, and all reference books missing. So, please excuse this old portable which skips and jumps.

As you recall, I gave you some slides of Side and Perge digs in late November. I must underline that the standing columns belong to the Temple of Apollo, not the Temple of Athena, as I may have written.

N.B. ! { Hopefully Jale Hanım will send you from Bebek a very good slide of herself at the Apollo Temple taken by a Swiss friend. URGENT

Jale's telefon # is Istanbul 1 - 63 33 68, if you need it.

The best of New Years to you. (Ekrem Akurgal's Smyrna comes next.)

Thanks and cheers,

Anne Turner Bruno
