Dear Nancy,

I have just returned home and found your letter. I apologise for the delay. You have my permission to refer to the pieces in question for comparative purposes. However, unfortunately since my retirement I do not have direct access to the negatives of the pieces you have requested. I can only help by giving the numbers of the negatives and the address of the institute. You may also be interested to learn that my book, titled 'Sculptures from Perge' will be published soon. Best of luck in your endeavours.

Sincerely,

Prof. Jale Inan
