Dear Tale

I have not thanked you properly for all the hard work you did for me to get my house in my name. You were terrific, and I apologize for my bad temper. I would have given up if you hadn't been there to keep me going.

All your years of patience in the hard chore of getting what you need to work with has really taught me something.

Last night I had dinner with David Barchard whose card I enclose. He has lived in Turkey a long time and is now on a British Turkish board to protect antiquities. He is very bright and thought you would enjoy knowing Professor and Mrs Brown whose address and phone # is on the back of his card. If you don't know them do call and explain how you

got their names.

I've just been here two days and will leave Tomonow for Washington as I have been away too long.

Do write and let me know how you are. Could you also let me know how much is left in the Vakiflar account after they pay my hotel bill in Ankara. I think it's around 6,000,000 but I'm not sure. If Ahmet gives you a bill for a suit please pay it as I promised him. Also tell him I will raise his salary to \$400<sup>00</sup> next year but had raised it to \$350<sup>00</sup> this year.

Thank you again for all the wonderful things you do to make my life a happy one.

Love

Iran.
