Dear Tale.

I apologise for taking so long to answer your good letter but my life has been very busy with family graduations and all the celebrations connected with them.

I have followed your instructions and sent \$3,000.00 to Zeynep in \$500.00 American Express checks, I also sent for you the \$2,000.00 I had promised also in \$500.00 express checks. My good friend Mrs Betty Lee Berger took them with her to Istanbul and I wrote Zeynep to go to pick them up. I hope this all worked out well as I can no longer send Bank checks, so this seemed the best answer.

It was good to have your wonderful report on everything. Best of all your good health and happiness with your work in Italy. I just hope all is going well in Germany. Yes Zeynep and her team can have the house in July. I do have friends coming for a week in mid-August but otherwise the house is free. I wrote all this to Tomi to Tell Ahmet. Thank you so much too for lending to my Taxes. I'll enclose a \$100.00 Travellers check to reimburse you.

It does sound as if the work should go well now on the Apollo Temple and you are, as usual, responsible because you plan ahead. I've been very remiss and have not written a news letter this spring. I don't know why I'm finding it hard to concentrate.

I plan to spend the month of September in Turkey and hope by then to see great progress. I'm not sure who is coming with me but possibly Roberta McCain who is in love with Turkey the way I am. I read the program on the Archaeological Excavation Symposium and see that you gave 2 Talks - one on the Apollo Temple + one on Perga. Would it be possible to give me translations and I could base a news letter on that? You could condense it of course if it seems too long.

We already have summer weather here so the whole city has slowed down which pleases me no-end. Next week though the fourth group of Alfred Friendly Press Fellows arrive and I shall be very busy again. Ufuk Gildemir who was one of the first group of Press Fellows is coming to spend two years as Correspondent for Cumhuriyet and he will stay with me 'til he finds a flat. I plan to be right here 'til late August so you can always reach me.

Love  
Jean
