To Prof. Hüseyin İnan and family:

The loss of our admired and loved colleague
Jale İnan is almost unbelievable. I had
hoped that the upper half of the Pergé Heracles
would be returned to her to remedy an ugly
theft and to reassure Jale hanım that justice
had prevailed in her lifetime. Memories of visits
and meetings in İstanbul and Ankara are still lively,
as are those of tours in Pergé. I am sorry I could
not attend the memorial service in the University
of İstanbul but our thoughts are often with Jale.
With warmest sympathy to you as family, Machteld
Mellink
