Dear Sir,

Thank you very much for your invoice of documents about the *Sidé Herakles*. It is for me a warm remembering of your dear mother: she has been for me a very dear friend and probably my best teacher, when we worked together in the old library of the German Hospital during the seventies.

I would like to say you how much I'm close to his memory and very grateful to you.

With all my best, hoping to meet you some day in Istanbul.
