Dear Dr. Professor Inan:

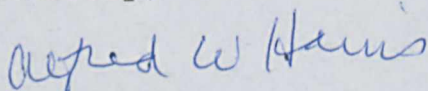

At long last Jane and I are returning to Turkey. Much has happened to delay our return but we are joining a group with the Archaeological Institute of America who are leaving New York 28 May 86. When the group leaves Ankara for Konya by bus, Jane and I will fly to Antalya in order to have more time there.

We are looking forward to seeing you again and the progress you have made at Perge. Perhaps we can have dinner together again. It seems this tour will only visit Perge and Termessus and then Phaselis on the way to the south coast.

We have been trying to reach our good friend, Ugur Ayyildiz, in Istanbul. Perhaps you might try to reach him for us. I am enclosing his telephone number, if it is still good. He lives on the Asian side of Istanbul. He could be reached at the Kent Hotel, Ankara May 29 - June 1.

We will appreciate your help and look forward to seeing you.

Sincerely,

Alfred W. Harris
