 women are in work for the deaf.
 We had the nicest talk. They
 showed us Helen Talbot's (Salma's
 mother) books - ^{the} picture of the
 other daughter, Barbara Talbot
 who disappeared. Much talk
 about Salma. How her mother
 didn't like her marriage as
 she had "great ambitions for her"
 whatever these were whenever
 they could have been superior to
 the happiness she has achieved.
 Mrs K. comes from Concord, Mass.
 knows the Damos - & Ziegler -
 is typically New England.

May 12 Monday (Evelyn Russell Post)
 S. off earlyish - and I at home
 was domestic. I got a letter to Dr.
 Hartman at 11 - Dr. Claw(?) took
 out half the stitches in my small
 wound & said it was healing v.
 fast. Then went off to
 town & bought various things:
 a dress at Kaitshui Suiou's
 a purse at Bloomingdale's &
 minkies at Kamao's.

When I got home at 4:40
 I found sister, back from
 Ridge field, where he had
 gone to see the George Scott
 town clerk, to view the ceme-
 tery with the idea of putting
 up a monument to our dear
 David. He wasn't too im-
 pressed with the Scotts he saw
 & is wondering whether he

wants to put up a monument.

He had a cracker tea & a short
 pause, when we repaired to the
 men's Faculty Club where Tony ^{Had} Shaw
 gave us a dinner. Very nice I
 saw Dr. Jessup & Mr. Hayden.
 Two were introduced to Prof.
 Abbott formerly of F.C., who
 lives in our building. He came to
 Mrs. Hachi apt. afterwards & we
 had liquor. She now lives out to
 Horningside Dr. He came away
 at 9. I found I was very tired.

May 13 Tuesday.

Again I off to the office. I was
 very busy. washing, ironing &
 shopping. Lunch in. I lay down
 for an hour. at 1:40 S. appeared
 saying would I like to see the Egg
 I at Radio City. He went down &
 enjoyed a 3 hr. show!! The film is

41
pass But entertaining. He
came home on a full B'way bus.

May 14 Wednesday

It was off early to the downtown
office. And I started out
in the rain for a last visit to the
doctor. Miss Juniper, the nurse, said
I need not come again. I told
Dr. Blaw that I would have my
thyroid reoperation in July -
16 + He said I was to come in
on June 25th for a "check-up"
beforehand - Roman! I then
had lunch on the 14th Ave. Home
subway to 28th St. where I
bought helva & laburnum for the
Shepards. I met H.S. at Grand
Central at 12. I waited in
line one half hour to get a place
at Stouffers. Only the crowds
of people in this city are

phenomenal.

41
I got the 2:30 train to New Haven. Bob
& Haluk Gjuden were there to meet
us. Bob drove us in his old jalopy
to the Hotel Duane on Chapel St.
where he had reserved a room for us.
It was an old-fashioned place - not
too prepossessing, but the room
was large & had a good sized
bathroom. We went on after
lunch on luggage to the Graduate
School, where we visited Haluk's
room very nice - looking out to a
quiet courtyard. We stayed there
till almost six.

At 7 we returned to the apt at
1138 Chapel St. which is over shops
& had a large living room. There
we found Alice, very demure & tongue
tied, Otto, rubicund & nice, Fred,
as plain as ever - Bob. Alice

& this gave us all supper
 very nice - iced tea to drink
 ice-cream for dessert - very
 all American. Before we
 had finished, Pres. W. Holt, a
 Danish archaeologist, called
 then after dinner - the 3 Turk
 boys again, Joe Curtis - very
 polite but non-committal!
 & a new one for R. E. Paul
 his new one (Ph.D. in Chemistry)
 who has a wife with a job in NYC
 & his twin Harris - a boy who
 looks not much than 15 but is
 graduating from Yale this June.
 I showed our pictures & we talked
 answered questions. It was
 really very nice. The Shepards
 were kind, but Bob is the best of
 the bunch. Alice is extraordinarily
 inarticulate, when you realize

how much she has accomplished. We
 got to the hotel again about 10:45.
 I had quite a good night.

May 15 Thursday.

We were to a perfect blue day. We
 had arranged to have Bob Trinken
 David's Princeton friend for break-
 fast. As that meal was not served
 at our hotel, we repaired to the Taft
 & had a sumptuous repast. Bob is
 such a nice boy. He hopes to finish
 his law course in the fall & then
 go out to Madison, his cousin to
 begin his career. He is slow but
 sure in his reasoning talk; de-
 finitely serious-minded. I should
 say he would make a good lawyer.
 I hope he can visit us in Hawaii some
 day. Why not?

After breakfast, we went for a
 long stroll in the town - when the

2.4. Times had been purchased.
 He walked around the beautiful Green & stepped to 5 mins into the Museum. On arriving at the Hotel, C. found a note from another P.C. tutor to the David Rodd. He made contact with him & he came in for a brief visit. A very nice man who, I hope, will come out.

At 1 we booked in the graduate school with the 3 boys from N.C. again. Cabellteria style very good. Pictures were taken on the lawn then we went by taxi to the station for the 2.25 train to N.Y. A very smooth, swift journey left us at 1.25 to get at 3.40 & so back to my apt.
 A lot of letters. A quiet evening.

May 16 Friday

HTC went out to the office early & I was tremendously busy - vacuuming the whole apt. shopping for several days & getting the lunch ready. S. came in by 10 o'clock & we had a sandwich lunch together.

It was a fine warm, sunny day. At 2.30 HTC met Helen Scott at vetth & brought her in a taxi here. She is the same person she ~~was~~ always was but older. I haven't seen her since she had her new teeth. They do change the expression of her mouth. Her poor feet are now encased in large orthopedic shoes, which she evidently hates but must wear. She walks slowly, in fact she ~~was~~ was even was was much more slowly than she ever did. It's pathetic to grow old - She will be 71 in June.

he had tea canlyrik then at 5:15 started by Riverside bus for The Durona Inn, was a "surprise" dinner arranged by Miss Fosdick.

An arrival we were pleased & surprised to see old Scipio (then on business) was, who is much more "social" than he used to be; Margaret White & Edith Fosdick.

We were thus seven. We had a good dinner wh. The generous Scipio paid for - And we parted around about 8:30.

after a short time in the Punice George Hotel. Home straight to bed.

May 17 Saturday.

not too much shopping in the a.m. Scipio had invited all three of us to lunch at The Punice George. Very nice.

he showed him on pictures she asked a hundred questions. he came back again by bus as he went on to wash.

His job came to an end on June 30 Mrs. Bieble came for late tea - we enjoyed her. A very nice woman. Martha Bieble was here for the week end & came in for 15 mins. She is a beautiful creature - I wish we could get her out to the colleges.

At 6:30, I & I rejoined to my old 606 W-116 where Cemelina - Miss Steeper gave us a delicious dinner. I was impressed with them both. I saw my old view & felt my old heart ache, as I passed down the corridors - for my Darling used to love his vacations at 606 & kept telling me what an affection he had for it.

The poor Helen due talk of melancholy subjects - the death of this one & that, he will; her last days - the feebleness of her friends at Newton Center Hubbardston. How the eyes of this one, the mind of that one, the hearing of the other one has gone! I should be more sympathetic but I find her conversation dull & gloomy. Suppose one is gloomy at 71 - with failing strength, no children, no home - But, dear me, I'd rather not dwell on all this.

May 18 Sunday.

Rain & overcast by skies. We had the paper to parse all a.m. Helen, of course, good Baptist soul went to the Riverside Church

with Mrs. Bieble, reporting that it was "beautiful" - worshipped etc. We all went out to Butler Hall for lunch, guests of Helen, which was nice. She immediately got in touch with her dear, dear Daniel Fleming who lives there. They were "so excited" to learn that the Swets were to be at Butler Hall (not knowing the Swets from Adam) but it transpired that they leave N.Y. June 1st & don't return till Oct 1: 8 (I'd have told her that)

After lunch we went to a few minutes to Edith F. Dick's apt. very nice - with an Eastern exposure.

I had a long, good rest in the p.m. At five Mrs. Harry Baker arrived to call, very nice & friendly. After supper, while I

was cleaning areas, D. then.
Dawn's cleanup called.

May 19. Monday.

Nileen was off for her physical
examination at 8:30. I was
domestic & S. went off to the
office.

I met S. at the corner of 10th
& B'way for we had planned
to "gate crash" at Binger's
wedding. It was held in the
Chantry of Grace Church
& Dr. Pitt married them. There
was very little fuss. The
bride & bridesmaid came in
at one side down the groom
stand man at the other. The
bride, Barbara Ridgeway was
in a beige suit with tiny
hat & carried a bouquet of
lilies of the valley.

He sat near the door & as the couple
walked out, Binger saw us & gave
us a grin! Outside in the wet
church parking, he congratulated
the couple & we immediately
asked by them to come to their
reception.

This later was awfully nice.
At the Lafayette Hotel. There
was plenty of real champagne.
on an excellent spread. We
met Mr. Mrs. Binger & Mrs.
Ridgeway & Neilson Binger's charm-
ing granddaughter who sat next
to me at a small table. There
was a wedding cake & all the
people "fixing" without anything
uppressive. I met the bridesmaid
Cameron Jelliffe & her mother
Pierdell. He also met a cer-
tain, Mr. Pichey, who was at Balliol

52
with Caleb & attended his
wedding. The whole affair
was delightful.

We were out by 2:30 but
tho' I tho't I could do shopping,
I decided against it
I came home empty handed.
Helen was in by the time I had
treated a little & got supper
for the family.

At 8:30 Mrs. Paul Gris-
wold called. She's very pretty
& very stylish - clothes but a
little hard I should say - Helen
Bob's style. Both of them are
creatively keen to settle down
into a home as they have
lived a strenuous life in one
furnished room after another.
They smoked a lot
- incidentally left a

53
pkg each of Chesterfields behind
them! Helen went to her room, which
was a good trip. The Griswolds
stayed & stayed till after 11 - They
are keen on going out. I hope they
will really like it. I am not so
sure about her.

May 20 Tuesday

When! what full days we have.
The weather is murder - I feel
washed out in consequence.
Helen left for Atlantic City at
9:15 - & H.K.S. like a good boy
saw her on to her train. Why do
I feel no sympathy to Helen?
She chips - she wants to share
our life! She is a crashing bore!
H.K.S. said that every word she
uttered bore him to tears & he wd
pay \$1000 a year to keep her in
L.S.A. (he always felt that she

wants above all to spend her last days with us in this. What claim has she on us? Really? Why can't she more ~~resp~~ responsive? Saw really sorry for her - she is old & lonely. But I would be perfectly happy never to see her again. A sad truth - but there it is.

I went down to the coll. office to see Barbara Green a new appointee to C.C. (maths) but she did not turn up. Sister & I then went to the Railroad office, but tickets for Wash DC to Ohio - also for ^{back} on Saturday, as we go to the garden for the weekend. Dear Helen is coming back

of course! from Atlantic City. She is arriving on Sunday morning & staying Sunday & Monday night. We invited her for 2 nights & she will have been with us 6 before she goes back to New York Center.

We had lunch at The Times Square Schrafft's shed great here in getting a seat. Then we went to see Charles Chaplin in Moscow in yesterday - a thin & rather silly story but he is a born artist & always a delight to the eye. I had a hair-do on my return - then we had supper à deux (very nice!!) & a quiet evening. It is a joy to me to see how content H.H.S. is with his holiday.

Blessing on him
May 21 Wednesday
 To the office to see Barbara Green.

57
But before that I went to Salls
34th St. I bought a beautiful
grey print dress with a match-
ing ^{faux} coat for \$25.50 — a
lot of money but it is nice.
Barbara Green is a nice girl,
graduate of P.T.S.T. She is lame
from infantile paralysis.
but she is pretty & intelligent.

At 10 I met Mrs. Frank Beach
& many, having dinner
had lunch together at The
Hearthstone. Mrs. B. answer-
ed a lot of questions about
my childhood friends, on
Portland Heights. Agnes
Beach teacher, Helen & Ruth
one both children widows.
She & her husband, who now
live in Los Angeles, have
3 daughters. Old Mrs. Beach

57
is still living & is with Agnes. Such
a tale. Her daughter, Virginia is
the teacher at C.C. One inter-
esting thing is that Mrs. Beach's
father was D. Boyd, minister
at the 1st Pres. Church, where
we all had a pew. How I wish
my mother was alive to be all
this. How interested she would be!

I came directly home from town.
Rested. Had a little tea & at
5 we took the train to Double
Ferry where Sam & I had met us.
It was clear & beautiful of that time.
The trees showed us round the school.
Lively, lively trees — dogwood
lilas — green lawns, wooded
slopes — & very nice buildings.
Many sharp & the same charm-
ing, nervous, inhibited people.
Nice — but forgettable. We had a

very delicious dinner at a wobbly table. Sarah crossstitched & we all talked. Took the 9:24 train back - Margaret & the boys sweep us off.

Dad is to bed.

May 22 Thursday.

More rain. More mist, muggy weather. I was off early & I stayed at home & was due to see Jim & Kim (in pouring rain) & Peggy Rodeman at the R.C.A. Bldg. at 12:30 & we all went & lunch at the Heathcote's a pair. Dr. Peggy had no other appointment, we suggested Radio City Music Hall & the first day of "Great Expectations" we were busy enough to get seats in the gallery. & simply loved the film. Due to life & full of the

atmosphere of Dickens' London.

We came back by bus. at 5:10 I dropped & we had a good supper, a good read, a good night!

May 23 Friday.

I was alone most of the day. I got up to the office early & I had my home shopping & cleaning to do. I wrote a few letters - not so much.

At 5:15 I caught the train to Mineola on Long Island to have supper with Dorothy Allen, & Robert Fese. It was a long journey - & then I had to take a taxi - But I found Dorothy in her brand new, pie & steak, like a Q.I. house. Her baby was awake & truly an adorable child - very good - she didn't whimper once all evening - went to sleep like a lamb.

But Fese came in later. He is younger & handsomer than I thought.

Arthur Hoy, whom I tried to put at his case. He is a graduate of Dartmouth, class of 1938 - the same as Ed Massey. He has two brothers, one at Bowdoin was at Wilbur. One brother was killed in the war in the Pacific. He, himself, was in North Africa in Italy. It was in the latter place that he met Dot.

We had delicious cocktails made of orange + lemon juice + rye. That then dinner was served in the alcove end of the pretty kitchen such a good meal as how they made for us - so early.

There wasn't a great deal of time afterwards. I went to E. Wilburton to catch a 9:14 train, & Bob very gallantly came to the station with me. Dorothy is obviously very happy. She is thinner & looks

as though she worked very hard - which she does. She says she minds being so very much tied at home - as who wouldn't. I found her husband much more of a person than I thought he would be. He stains I saw his carpentering work in the attic - across the hall was a guest room with two beds in it where Dorothy hopes her brother will stay.

H.R. went to a trustee meeting at the Town Hall Club - I'm afraid though we got out on the same subway train at 116th Street.

May 24 Saturday.

H.R. wrote nearly all am. but he did clean the bathroom very nicely. We had lunch very early too. It was extremely warm.

We left for home by bus at 167th

at 5. It was a long & very pretty
green ride we got to the Bus
Terminal about 6 & took a taxi
to the Gardens place. It is just
like them to have found an
extraordinary house. It is a
house on the grounds of a run-
down country club (called The
Clarkston Country Club) known
as the Music Box. Gertrude
welcomed us warmly. She is
thin, but looks better than she
did, when I saw her last. She had
a serious operation on May 5th
but has come back well. The
house is crowded, down at heel
& not too clean. At the same time,
it is picturesque with pretty
windows, a big fireplace, inter-
esting pictures & books. Jimmy is
large & tall & plain but nice.

we had a delicious dinner -- & then
George Burt, formerly of Stanford
OWI fame came in.

George Burt has written a novel
about Istanbul, for which he cannot
find a publisher. The Gordons have
read it in MS. but Jimmy thinks I
was Gertrude is more charitable.
Mr. Burt since his wife's death,
has lived in Nyack, with his very
old (87) mother. He has a position
as manuscript editor of the Geog-
raphic. He talked late & enjoyed
an evening.

May 25 Sunday.

Pouring rain from 12 o'clock on.
Before that we walked around the
run down but very beautiful grounds
of the club. We saw 25 Peacocks
whose screams we had heard earlier.

I was much disturbed to learn

that Gertrude has cataracts on both eyes. The left one can be operated on at any time. She wants to wait till Davey has gone to R.C. but she may have to have it earlier. Poor, poor thing. One's sight is never the same after a cataract operation.

After lunch, which was delicious, we sat about in a somewhat condition until 3:15, when we got a taxi for our bus. I was weary, as I had hardly slept at all - in the big double bed, they gave us. It was pouring with rain. At one point about 50 Boy Scouts got onto the bus in dripping raincoats, with heavy knapsacks.

We walked home via the

subway from 168th St. Dad found Helen installed again! She has come from Fairdale where she had spent the night with a friend. I got a very simple supper for the family. Dad got to bed. I slept like a log the moment my head touched the pillow! Thus made up for last night.

May 26 Monday.

A lovely clear day after the rain. Helen wanted to mail some of her possessions home, so I took the parcel to the P.O. at 116th St. with her. Then I dropped her there.

At 1 I met H.S. & K.G.O. at the Lafayette hotel, where Sarah then joined us. We really had a tip-top time. The meal was very expensive but the pleasure we got from it was worth it. Harry

was in one of his mellowest moods, once we broke the ice. I have an idea that the 2 boys made a happy impression on him. He stayed quite a bit afterwards.

We ran into Mrs. Mrs. Buiser Mrs. Ridgeway, having a merry celebration after the wedding. Very nice.

He parted but S. & I got out of the same subway at 10:30 (The third time we have met on the subway) to go to the medical books to be. It was really awfully nice. The apt is the same shape as the Jabovos. But I think Mary is a very competent housewife. We had such a delicious tea.

He parted at 6. I came home to find Helen, sitting myself up. Afterwards, I wonder Helen dreamed on, or I nearly fell asleep. H.L.S. retired behind a paper canopy man.

May 27 Tuesday

In A.M. Dana & Harold Chou came to pack up. I stopped for food etc. gave them lunch at 12:30. Then left. Went to Macy's quickly & bought a summer dressing-gown - for H.L.S. (blue watered silk) Home by 3:10 Rest. Dana back. Then H.L.S. Ethel Stiles at 6. out for dinner at the Anichson West 57th St. near my red owl. Then to the Barleigon Plaza where we saw Centposts of American Education, the movie of the colleges. Lowell Thomas presided. But Roberts who had

taken the pictures. The Wilses,
Mrs. Mrs. Staub, the Clases, the
Wrights, the Raymond Ferdicks,
the Hoskins - etc. Home by 11:30.
