Istanbul, Turkey

Dear Dr. Black:

I brought up with the trustees yesterday the question of Dean Scott's remodeling the laundry into two apartments and in return for this having a life tenancy on the first floor of the old Huntington House. This was approved. However, we still have the problem of a written agreement between ourselves and Dean Scott. This I am working on with our lawyer here and will send you a draft of what we think ought to be included, in the near future.

Sincerely yours,

(Signed)
George Perkins
