

THE INSTITUTE FOR ADVANCED STUDY

Summary of  
Hospital Surgical Medical Program

HOW TO APPLY FOR ENROLLMENT

Prior to your arrival at the Institute, the Personnel Services Office will send you an application for enrollment. If you wish to subscribe you must complete items 1-13 of the application, sign your name on the reverse side, date it and return the application to the Personnel Services Office, stating the date you wish coverage to become effective. Your coverage will become effective on the first of the specified calendar month.

BLUE CROSS OF NEW JERSEY - (Hospital Benefits)

If an injury or illness makes your hospitalization medically necessary, your bed and board, including special diets and general nursing care are covered in full for up to 120 days per admission. Further, benefits incidental to or necessary for the treatment of the illness or injury for which you are hospitalized are also covered.

Should it become necessary to use the hospital outpatient department, the same hospital services eligible for inpatients (with the exception of bed and board) are covered - provided outpatient care is for:

- . An accidental injury (excluding automobile accident) within 24 hours of occurrence
- . Diagnostic x-rays
- . Laboratory examinations
- . Some minor surgery.

Extended Benefits

With Extended Rider J, Blue Cross will provide benefits for the following services when they are performed and charged for by your physician: (Please note that the services listed below bear limits per annum when rendered for the same type of service)

- . Up to \$150 for Radium and/or Radon Therapy
- . Up to \$500 for X-ray Therapy for malignant conditions and/or Radioactive Isotope Therapy
- . Up to \$100 for Pathology (including but not limited to laboratory examinations, basal metabolism examinations, electrocardiograms etc.

Extended Benefits (continued)

- . Up to \$125 for Diagnostic X-ray Examinations and/or Radioactive Isotope Diagnostic Studies
- . Up to \$50 for Physical Therapy.

Diagnostic tests for screening or as part of a routine physical examination or check-up are not covered services under the Blue Cross benefit plan.

BLUE SHIELD OF NEW JERSEY - (Physician's Services)

If you require a physician's services for any surgical or medical care, under the Usual Customary or Reasonable Fee Program the following benefits are provided for:

- . Surgical procedures in the hospital; and most surgical procedures in the physician's office
- . Limited dental surgery in the hospital
- . Anesthesia services
- . Maternity services
- . Physicians' medical services in the hospital -  
Up to 21 daily medical (non-surgical) care visits by a physician during hospital stay.

Extended Benefits

Extended benefits are the same as those listed above.

Diagnostic tests for screening or as part of a routine physical examination or check-up are not covered under the Blue Shield benefit plan.

NOTE: The above listed benefits are only a general description of the Blue Cross/Blue Shield benefits for illustration only.
